UNIQUE SINCE 1804

UNITED CONFECTIONERS  
COLLECTION

**UNICONF (United Confectioners) is the largest confectionery holding of the Eastern Europe and the Leader of the Russian confectionery market.** Uniconf was founded in 1804, it is the oldest confectionery company in Russia. We have passed a long way from the first Moscow sweet shop to a powerful confectionery empire. We are proud of our unique history, unique brands, ideas and technologies. We carefully control all the road of our products from purchasing cocoa beans to delivering sweets to our customers. We select only the best cocoa beans from Cote d'Ivoire and Ghana to please our consumers. We have our own agricultural sector and dairy production unit.

**Millions of consumers** in Russia and CIS choose our chocolate, pralines, candies, waffles and biscuits every day. Nowadays our main goal is to reach consumers on export markets. Meeting this demand we adapted our brands for sweetlovers worldwide.

This catalogue presents our international portfolio: brands Art Passion®, Korovka®, Felicita® and Darx®.

It is a great honor for us to be recognized as an expert of confectionary industry and a strong business partner. Consumers' love, team of professionals and huge modern capacities are the main assets of UNICONF holding.

*Artpassion® – the elegant way to indulgence*

*A symbol of elegant choice*

*High quality cocoa beans from Cote d'Ivoire and Ghana*

*Collection of refined chocolates*

Artpassion® is a unique brand. Its appearance was inspired by the outstanding art of Russian ballet more than three decades ago. At first, chocolate with the symbol of a theater and a dancing couple accompanied cultural life and ballet performances. Afterwards the brand became a symbol of an elegant choice, a sign of special attitude given as a present. Chocolate Artpassion® is an excellent opportunity to escape from everyday routine, to reveal the best feelings and to enjoy the gorgeous taste.
